## Phonak wins three Hearing Technology Innovator Awards™

### Sky Lumity, myPhonak Junior app and Phonak Slim™ recognized for cutting-edge technological innovation in the hearing industry

Stäfa, Switzerland, November 3, 2023 – Phonak, a leading global provider of life-changing hearing solutions, announces its recognition in three distinct categories at the fourth annual Hearing Technology Innovator Awards™. The award-winning innovations include:

- Sky Lumity for “Hearing Aids – BTE” category
- myPhonak Junior app for “Assistive Tech & Software - Mobile Apps for Hearing Devices” category
- Phonak Slim for “Hearing Aids – Design” category

The awards were organized by Hearing Health & Technology Matters (HHTM) and highlight exceptional technological achievements in the hearing industry. This year's program featured numerous innovative technologies submitted by companies from all around the world across eight distinct categories.

#### **Sky Lumity – our flagship pediatric hearing aid**

Children spend nearly 90% of their elementary school day exposed to speech in noisy environments.<sup>1</sup> This is why Sky Lumity (L) hearing aids incorporate cutting-edge technology designed exclusively for kids, prioritizing speech understanding in noise. With Sky L hearing aids, children can effortlessly engage with others, whether close together or on the move. These hearing aids feature enhanced connectivity, enabling children to connect to and explore the limitless possibilities of the digital world. When used with Roger, children experience 34%<sup>2</sup> better speech understanding compared to using hearing aids alone, granting them access to an additional 5,300 words

per day.<sup>3</sup>

### **myPhonak Junior app: empowering young users**

Sky L hearing aids work seamlessly with myPhonak Junior, the world's only dedicated pediatric app. The highly rated myPhonak Junior app empowers kids by giving them fine control over their hearing aids, giving a sense of ownership and personal connection to their devices. Parents can also utilize the app to monitor wearing time, schedule remote consultations with hearing care professionals, and set parental controls.

### **Phonak Slim, elevating hearing aid design for enhanced comfort and style**

Phonak Slim is designed with the modern hearing aid wearer's lifestyle and comfort in mind. With a distinct left and right design, the hearing aids feature a unique seven-degree angle for a contoured fit behind the ear, even for those who wear glasses. In addition to its ergonomic design, Phonak Slim offers a range of stylish choices with four two-tone color options, including Sandalwood, Silver Graphite, and Copper, all tastefully paired with Black.

This hearing aid is unique, elegant, fully connected, and powered by Phonak's innovative Lumity platform, offering wearers the perfect combination of style, comfort and hearing performance.

"The Hearing Technology Innovator Awards™ aim to acknowledge the individuals and organizations that transform groundbreaking hearing care concepts into reality," explained Dr. Robert Traynor, member of the 2023 awards program judge's panel. "Brands like Phonak are playing a pivotal role in advancing innovation throughout the industry."

Oliver Frank, Vice President of Phonak Marketing, commented, "For 50 years, Phonak has been unwavering in our commitment to providing the world's finest pediatric hearing solutions specifically tailored to the needs of our youngest generation. We are thrilled that our groundbreaking innovations for kids, like Sky Lumity and the myPhonak Junior app, have been acknowledged with these prestigious awards. Moreover, the recognition for the design of Phonak Slim reinforces our commitment to delivering not only style but also unparalleled comfort for wearers. It motivates us to continue our journey of innovation across all fronts. "

**About the Hearing Technology Innovator Awards**

The Hearing Technology Innovator Awards™ is an international awards program designed to recognize and celebrate innovation within the hearing industry. Since its inception, the program has helped raise over \$25,000 for hearing charities. Learn more at <https://hearinghealthmatters.org/hearing-technology-innovator-awards/>

**About HHTM**

Hearing Health & Technology Matters (HHTM) provides timely information and lively insights to anyone who cares about hearing loss. Readers and contributors are drawn from many sectors of the hearing field, including practitioners, researchers, manufacturers, educators, and, importantly, consumers with hearing loss and those who love them. By involving all these groups, we hope to bridge the gaps in knowledge that so often divide them. To learn more, visit [HearingHealthMatters.org](https://HearingHealthMatters.org).

**About Phonak**

**life is on.** Since 1947, Phonak has been dedicated to improving the quality of life for people with hearing loss. Seventy-five years later, our passion for creating life-changing hearing solutions that help people thrive physically, socially, and emotionally remains. By offering the industry's broadest portfolio of hearing solutions, we're committed to creating a world where "life is on" for everyone.

At Phonak, innovation is not limited to products. We work to change the conversations surrounding people with hearing loss. We do this by fighting the stigma of hearing aids and creating an understanding of how hearing is connected to the broader context of healthy living.
