About Phonak

life is on. Since 1947, Phonak has been dedicated to improving the quality of life for people with hearing loss. Seventy-five years later, our passion for creating life-changing hearing solutions that help people thrive physically, socially, and emotionally remains. By offering the industry's broadest portfolio of hearing solutions, we're committed to creating a world where "life is on" for everyone.

At Phonak, innovation is not limited to products. We work to change the conversations surrounding people with hearing loss. We do this by fighting the stigma of hearing aids and creating an understanding of how hearing is connected to the broader context of healthy living.
